Quality Rated, Georgia's community-powered early education rating system, launched July 1, 2013. Quality Rated is an exciting new tool that will help parents identify high-quality early care and learning programs in Georgia. A voluntary quality rating and improvement system is similar to a rating system for hotels or restaurants and rewards programs that meet a set of defined standards. Early care and education providers who choose to participate in Quality Rated display a commitment to continuous quality improvements.

Visit QualityRated.org or call [877-ALL-GA-KIDS](tel:877-ALL-GA-KIDS) to learn more about the program and find rated programs in your area. New programs are being rated every day, so don't be discouraged if you don't see a Quality Rated program in your area. Be sure to ask your current provider to get Quality Rated!
