

# THE ARTHUR M. BLANK FAMILY FOUNDATION

News & Notes: Issue No. 46

April 14, 2016

## The Westside Innovation Lab Application is Now Live!

[The Center for Civic Innovation](#) has launched the [Westside Innovation Lab](#), an initiative to identify and support community-driven and community-built ideas, interventions and social ventures within neighborhoods on the Westside. They are looking for forward thinking, innovative applicants with creative ideas on how to improve our Westside Community. The [application link](#) is now live and submittals are due by April 25, 2016.

## It's Farmers Market Season!

From Decatur to the West End, farmers markets are opening across Atlanta. To find a market year you, check out details from Atlanta Falcons Youth Foundation partners [Wholesome Wave](#), [Georgia Organics](#) and [Community Farmers Markets](#). Many of the markets double benefits for families using SNAP, providing \$2 of produce for every \$1 spent. Last year, Wholesome Wave processed 9,000 SNAP transactions at its partner markets. Spread the word and help increase that number.
